Valuation types:

Bulk feed: An automated Valuation service from the provider

CE feed: An automated Contract Enquiry service that operates plan-by-plan

Manual upload: A bulk CSV file uploaded into CURO through the Valuation Uploader

Contract Enquiry types: B = Bond, CI = Collective Investment, E = Endowment, P = Pension, WL = Whole life protection, Wr = Wrap

Remuneration types:

Bulk feed: An automated service that collects statements directly from the provider, or from OpenText in EDI format.

Manual upload: A statement CSV file uploaded into CURO through the Statement Uploader.

*Transactions feeds are not yet available on CURO on the Power Platform.

About us

Formed in 2010, we're entirely focused on financial planning and wealth management technology. We're practitioner led. In fact, one of our founders was previously IFA of the year. This means we're rooted in the challenges advisers face. Our hand-picked team combines technical expertise with a profound understanding of the financial planning and wealth management

Today, we serve over 4,000 advisers and provide a digital transformation platform that delivers frictionless omni-channel client experiences, the ability to serve more clients, centralised data, reduced risk, and significant operation efficiencies.
